Annual street improvement operations to begin April 30th

Ridgway, CO – The Town will commence annual street improvement operations on April 30th and the process will continue through May 16th. Public Works personnel will add gravel to the unpaved street sections that need to be built up, then will use a street grader to restore the driving surface and drainage attributes to the Town’s unpaved streets. The process will also include the application of a dust suppressant agent, known as magnesium chloride, to the unpaved streets.

The full schedule can be viewed [HERE](#) and is as follows:
