

NOTICE OF PUBLIC HEALTH ORDER CLOSING BARS, RESTAURANTS, THEATERS, GYMNASIUMS, AND NONESSENTIAL PERSONAL SERVICES FACILITIES COUNTYWIDE

The Ouray County Public Health Agency (OCPHA) is working to stop the spread of novel coronavirus 2019 (COVID-19) in Colorado. At this time I find it necessary to implement emergency measures to close down all bars, restaurants, theaters, and gymnasiums in Ouray County through April 30, 2020, in an effort to protect and preserve the public health.

FINDINGS

1. COVID-19 was first detected in Wuhan, China in late 2019, and since then has spread to over 60 countries including the United States. There are 277 known presumptive positive cases of COVID-19 in Colorado as of March 19, 2020, and there is every expectation that more cases will be diagnosed.
2. While Ouray County does not have a confirmed positive case, our local medical experts believe with medical certainty they are treating patients with COVID-19 and that extreme medical testing limitations at the local, state and federal level is the reason for the lack of information regarding diagnosis in our community.
3. COVID-19 is a respiratory illness caused by a novel coronavirus, and like other respiratory illnesses, is transmitted through person-to-person contact or by contact with surfaces contaminated with the virus. Persons infected with COVID-19 may become symptomatic anywhere from two to fourteen days after exposure. Symptoms include fever, cough or shortness of breath or difficulty breathing.
4. Individuals with serious chronic health conditions and older adults are most at risk for becoming very ill with this disease.
5. On March 10, 2020, the Governor of Colorado declared a State of Emergency related to the presence of COVID-19 in the State. CDPHE has confirmed that COVID-19 continues to spread throughout the State of Colorado.
6. On March 13, 2020, the President of the United States declared a National Emergency due to COVID-19.
7. On March 16, 2020, The Ouray County Board of County Commissioners declared a disaster emergency due to the spreading virus.
8. On March 19, 2020, the Incident Command Policy Group met to discuss strategies and information to combat the spread of the virus.
9. A significant number of Coloradans are at risk of serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, persons with mild symptoms and asymptomatic persons with COVID-19 may place other vulnerable members of the public at significant risk. A large surge in the number of persons with

serious infections can compromise the ability of the healthcare system to deliver necessary healthcare to the public. Colorado is experiencing a rapid increase in COVID-19 transmission that threatens the health of residents and risks overwhelming the healthcare system in the state of Colorado.

10. Pursuant to Colo. Rev. Stat. § 25-1.5-101(1)(a) and §25-1.5-102(1)(a)(I), this Public Health Order closes bars, restaurants, gyms, theaters, and nonessential personal services facilities to slow the spread of the COVID-19 virus. Ouray County Public Health Agency has the duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health and to establish, to close public places and forbid gatherings of people when necessary to protect the public health, and to establish, maintain and enforce isolation and quarantine, and, in pursuance thereof and for this purpose only, to exercise such physical control over property and the persons of the people within this county as the agency may find necessary for the protection of public health.
